Emergency Use Authorization The FDA has made the COVID-19 vaccine available under an emergency use authorization (EUA). The EUA is used when circumstances exist to justify the emergency use of drugs and biological products during an emergency, such as the COVID-19 pandemic. This vaccine has not completed the same type of review as an FDA-approved or cleared product. However, the FDA's decision to make the vaccine available under an EUA is based on the existence of a public health emergency and the totality of scientific evidence available, showing that known and potential benefits of the vaccine outweigh the known and potential risks.

Consent I have been provided and have read, or had explained to me, the Fact Sheet for Recipients and Caregivers about the COVID-19 vaccination. I understand that if this vaccine requires two doses, two doses of this vaccine will need to be administered (given) in order for it to be effective. I have been given an opportunity to ask questions (and ensured the person named above for whom I am authorized to provide surrogate consent was also given a chance to ask questions). I understand the benefits and risks of the vaccination as described.

I request that the COVID-19 vaccination be given to me (or the person named above for whom I am authorized to make this request and provide surrogate consent). I understand there will be no cost to me for this vaccine. I understand that any monies or benefits for administering the vaccine will be assigned and transferred to the vaccinating provider, including benefits/monies from my health insurance plan, Medicare, Medicaid or other third parties who are financially responsible for my medical care. I authorize release of all information needed (including but not limited to medical records, copies of claims and itemized bills) to verify payment and as needed for other public health purposes, including reporting to applicable vaccine registries. I understand an appointment reminder or missed appointment notice may be sent by postcard or letter in the mail, telephone / answering machine or voicemail, or text message. I acknowledge having a chance to review & keep the Auglaize County Health Department (ACHD) Notice of Privacy Practices. Copies of the Privacy Notice are displayed in the Health Department or on their website. I understand the terms of the Privacy Notice may change and I may get these changed notices by contacting ACHD by phone or in writing. I understand I have the right to ask how my protected health information will be used and / or given out.
